

CHAPTER III
Special conditions of Import

10. Special conditions for import of plant species -

(1) In addition to the general conditions laid down in Chapter-II, the plant species mentioned in Schedules V and VI shall not be permitted to be imported except when specifically authorized or covered under an import permit issued by an appropriate Issuing Authority and subject to such restrictions and conditions specified in this Chapter.

(2) Every consignment of plant species specified in Schedule- V and VI shall be accompanied by a Phytosanitary Certificate issued by authorized officer of the country of origin or Phytosanitary Certificate-reexport issued by the country of re-export along with attested copy of original phytosanitary certificate, as the case may be, with the additional declarations of being free from pests mentioned in Schedule IV, V, VI and VII; or that the pests as specified do not occur in the country or state of origin as supported by documentary evidence thereof.

- (3) General conditions shall apply to all consignments including in respect of those mentioned in Schedule V, VI, and VII.
